

THE GUNNERY · WASHINGTON · CONNECTICUT
A School for Boys Established 1850 by Frederick W. Gunn
OGDEN MILLER, *Headmaster*

December 8, 1955

Dear Mr. Calleton:

I am acknowledging your letter of November 29th in which you asked for a criticism of the talk and showing you made to our boys recently.

Mr. Beebe thought that you did a very good job personally, but that the pictures were too much confined to broadcasting and were not comprehensive enough to hold the interest of all boys or to cover the subject adequately.

The enclosed letter from Bob Barber is self-explanatory. While it is signed by him personally, it is in some sense a consensus of other student opinion here. I hope that these will be helpful to you and, again, may I say how much I appreciate your coming to the School to give this talk and show the pictures.

Sincerely yours,

Ogden Miller

Dear Mr. E. H. Hutton:

I am acknowledging your letter of September 7, 1933, in which you asked for a criticism of the talk and about a year ago made in our boys' assembly.

Mr. Hutton thought that you did a very good job, especially, but that the criticisms were too "new" and confined to the immediate and were not representative enough to hold the interest of all boys or to cover the subject adequately.

The enclosed letter from Bob Barber is self-explanatory. It is written by a representative of the boys' assembly and of other students of the school. I hope that these will be helpful to you and again, may I say how much I appreciate your coming to the school to give this talk and show the interest.

Sincerely yours,

Robert H. Hutton
Principal
